

19th September 2016

Dear Parent/Carer

In order to maximise the potential of our students in Maths, English and Science over the coming weeks, we are offering the opportunity for you and your son/daughter to attend a Year 11 information evening.

This is taking place in the Main Hall on Tuesday 18th October 2016 between 6.00pm and 7.00pm and will comprise of guidance aimed at all Year 11 students on how to achieve their full potential in the Maths, English and Science courses they are following this year.

We hope it will provide you with an excellent opportunity to meet the staff in school who support your son/daughter’s progress in these subjects. It will also enable you to find out what your son/daughter will need to do to better prepare themselves for the GCSE Maths, English and Science exams later this year.

Our Year 11 students are offered a range of support and this evening will be your chance to ask questions about the support available. All Year 11 students will also be provided with revision materials and resources to enable them to prepare adequately for their GCSE exams.

Before the information evening commences, we would love it if you could come and join us in the dining hall for a free fish and chip tea. This will be served at 5.15pm in the dining room.

Please return the slip attached to student reception to indicate if you are able to attend.

We look forward to seeing you on the night.

Kind Regards

Mr D Smith
Vice Principal
