

14 January, 2021

Dear Parent/Carer

Engineering BTEC - January examinations series

The Secretary of State for Education announced on Wednesday 13th January 2021, that Vocational and Technical Qualifications (VTQs) assessments scheduled for February 2021 are cancelled. In light of this, we have been informed by Pearson (the exam board) that Engineering BTEC examinations scheduled for 19th January, 2021, 20th January, 2021 and 5th February, 2021 have been cancelled.

The government is currently consulting on how the assessments for A-levels, GCSEs and VTQs will be done going forward for students who are scheduled to take examinations this academic year. Once we receive confirmation from the government, we will let you know.

I know how hard our students have been working for these set of exams and they will be very disappointed by this news. However, they need to continue to study for the qualification and work with their teachers so that when the decision is taken by the government regarding the assessments, they will be more than prepared.

Thank you for your continuous support.

Yours faithfully

Mr G Dzoboku
Principal
